We have the pleasure to introduce to You an offer, concerning hosting of tastings on noble alcohols and excellent cigars, combined with a spectacular showing of pool tricks. The experts from the Pick and Taste company will guide you through the secrets of tasting and the show will be hosted by several world champion in pool tricks and artistic pool, Bogdan Wołkowski.

The pool tasting is an extremely interesting attraction, diversifying company meetings, theme evenings or company anniversaries. This offer is a perfect completion of the whole evening, thanks to two, how different but simultaneously completing each other, shows. We guarantee at least 4 hours of splendid enjoyment.

A glass of whisky or cognac and a hand-made cigar have always accompanied duels on the green cloth. The presented offer combines the tasting of exclusive alcohols and excellent kinds of cigars with the demonstration of tricks and learning how to play this surely involving sport. The participants at first learn the art of tasting, they get to know the spirit of savoir-vivre and they also get acquainted with the basics of combining drinks and dishes, afterwards they watch, holding a glass of noble whisky malt and a cigar, the incredible strokes of Bogdan Wołkowski. After this spectacular show, the participants may return to the tasting or play a game with the master. Both attractions may also take place simultaneously within the frameworks of the connoisseur's corner.

We propose two forms of demonstrations, however they can be freely modified:

**Exclusive meetings:** in an intimate venue, the participants have a chance to taste the finest alcohols and cigars or to undertake the challenge to play pool with the world champion.

During the tasting, the atmosphere of a club meeting is being created, directed towards initiating a pleasant, non-obliging mood within the group. The knowledge, which is being passed during the tasting, is in a loose form of a lecture directed on giving answers to all sorts of questions bothering the participants. Afterwards, the participants admire the showing of pool tricks and try their own skills in a game with the master.

**Connoisseur's corner:** in specially arranged parts of the room alcohol and cigar corners are placed, as well as pool tables. Each participant can simultaneously draw information on the ways of tastings, differing the tastes and scents and can also try to beat the master in a pool game. Both in the spirit corner and the pool corner an atmosphere of uniqueness and exclusiveness is created.

The essence of this part of the demonstration is the possibility of coexistence of the two attractions and a close contact between the lecturer and the participants. This less formal kind of meeting enables the participants, alone or in small groups, to decide which of the attractions is more interesting to them in the moment.

## Pool

---

Pool, compared very often to tennis or golf, is nowadays one of the most popular social games. Once, known only in France or Great Britain, now is very popular also in Poland.

How badly can this game fascinate you, was proven by the captain of the Napoleonic army, Mingaud. In the twenties of the XIXth century he was placed in prison, but for his good behaviour, he was given a right to play on the pool table, which was inside. While playing games with an unknown opponent, he got involved so much, that he asked the director of the facility to extend his stay in prison for another eight days. For sure, playing a game on the green cloth gives you a lot of pleasure, but the true experience is a showing of the most complicated strokes in this game.

The demonstration of pool tricks done by the several world champion Bogdan “Wizard” Wołkowski, is an unforgettable experience, combining not only a “show” but also learning how to play this fantastic game.

The showings of the pool tricks are a great deal of fun, during which it is shown how to put in not only two, three or five pool balls, but even fourteen. During the demonstration, the pool balls are jumping, describing circles, going around obstacles, going back, standing one on the other and doing all sorts of surprising tricks.

The guests are especially encouraged to active participation in the showing, by giving them a chance to make some strokes on their own. Repeatedly they are the ones to prepare the toughest, most complicated obstacles, so that the stroke would become even tougher.

Each participant may receive a compact disc, on which the most complicated strokes made by Bogdan Wołkowski will be recorded, or a pool ball placed on a support with the master's signature.

After the demonstration, all sorts of games are being organized. It is also possible to learn how to do some basic tricks on your own.

## Tasting

---

The tasting of alcohols or cigars is a stimulation of all senses and an incredible pleasure of unveiling the unknown. Spirits from all over the world are a unique opportunity to get to know the variety of aromas and tastes and to find a favourite style. The presentations are full of practical advices and stories. We set much store to direct contact with the participants.

In order to draw pleasure from the tasting, you just need to get to know a couple of basic rules, reach for the appropriate glass filled with a noble spirit or for a hand - made cigar and after a few moments you will take delight in the perfect taste and aroma. The tastings organized by us guarantee the highest quality, unforgettable fun and a form that is adjusted to individual needs of our Client.

Each kind of tasting is connected with delivering interesting information, mostly very detailed, but sometimes also very basic, with the object of encouraging the participants to enter the world of noble spirits and cigars. Therefore, the participants may also be people, who are not well acquainted with the topic, as well as the ones, who are professionally connected with the tobacco or alcohol industry.

During the tasting, we ensure products of the highest quality, almost unavailable on the polish market. We suggest in the case of strong alcohols, at least 5 sorts of the given spirit, in case of wines 7 sorts and at least 2 different cigars. The products chosen by us stand out, because of the tremendous variety of types, what enables every participant to find the most appropriate taste and aroma for him.

After the tasting we provide professional tasting cards, taste and aromas maps, information hand outs about all tasted products and specialist glass. We can also provide hostesses, who will help serve the guests and who are trained in the rules of serving and tasting of noble spirits and cigars. We are convinced, that their presence will vary each event and will be a special attraction, especially for the male part of the group.

In the end of the tasting, several practical advices are being exposed, which will help in choosing the bottle in the restaurant, matching the appropriate glass and cigar or creating a private collection.

All tastings and trainings are hosted also in English and German.

## About the company

---
