We would like to stress that the below list of thematic events is only exemplary. It aims at emphasising the ability to choose appropriate kind of spirits or tobacco to every event which is organised by you. Examples which are presented by us can be freely modified so that they can compose with the character of your event even better.

We specialise in **whisky, wines and cigars**, but we conduct tastings of **any kind of spirits and tobacco**. In our offer there are trainings and tastings on:

High-proof spirits - rum, de luxe vodka, brandy, cognac, gin, whisky and bourbon.

Sweet liqueurs - Bailey's, Advocaat, Amarula, Kahlula, Pina Colada, Sheridan's, Amaretto and Malibu.

Dry liqueurs - Grand Marnier, Cointreau, Jagermeister, Goldwasser, Southern Comfort, Drambuie and Galliano.

Unknown liquors - sambuca, grappa, cachaca, mezcal, tequila, absinth, calvados and armagnac.

Noble Polish spirits - meads, polish liqueurs and aged vodka.

We cannot imagine an event, integration meeting and a nice summary of a conference or seminar without relaxing atmosphere which is ensured by exquisite spirits and tobacco of the highest quality. Events on which warm vodka, beer or sweet wine are served are a rarity nowadays. More and more people are interested in the art of tasting and savoir vivre connected with spirits and liquors not known until now.

During our tastings the participants get information on selected liquors, their vivid history and culinary matches. We will also give some hints concerning the selection of the liquor by tasting and choosing favourite bouquet and character.

On your request we can present more detailed descriptions of suggested tastings and products to confirm that our offers are full, interesting and original. The products are carefully chosen in order to maintain the best relation of price and the best quality.

We are able to prepare an offer referring thematically to every event

Meads are served in special stoneware bottles and liqueurs in traditional decanters.

Years of People's Republic of Poland

The time of People's Republic of Poland is years of "traditional" Polish spirits and different variations about them. "Chrzanówka" or "Kiermusianka" are great examples showing how surprising can the taste of vodka be. Advocaat was one of not numerous liqueurs available in those times. Goldwasser was liquor very difficult to get, a synonym of luxury. Chivas had its place reserved in the shelves of PEWEX and was identified with something totally luxurious. The mixture of taste is very surprising and the recollection of already forgotten by many people tastes can be a mystique experience.
